## PROFESSIONAL SUMMARY

MCA final-year student (LNCT 2026) with backend development experience at **JPMorgan Chase & Co.** and **Elite Tech**. Skilled in **Java, REST APIs, MySQL, SpringBoot** and full SDLC. Oracle & JPMorgan certified. Seeking a backend developer role to build scalable enterprise systems.

## TECHNICAL SKILLS

**Languages:** Java (Core + Java 8)

**Backend:** Spring Boot (learning), REST APIs, JDBC, Servlets, Secure Auth

**Frontend:** HTML5, CSS3, JavaScript, Tailwind CSS

**Databases:** MySQL, Firebase, Basic MongoDB

**Tools:** Git, GitHub, Postman, XAMPP, VS Code, IntelliJ IDEA

## PROFESSIONAL EXPERIENCE

### **Virtual Software Engineering Intern** | *JPMorgan Chase & Co.*

2025

- Completed virtual internship on real-world **financial technology** problem statements involving data analysis, system design, and software engineering principles.
- Gained exposure to **enterprise-grade backend architecture** patterns used in large-scale banking and fintech platforms.

### **Software Development Intern** | *Elite Tech (Elite Techno Groups / Elite Technologies)*

2025

- Built dynamic web applications using **HTML, CSS, JavaScript, PHP, and MySQL**; implemented full CRUD operations and session-based authentication.
- Applied **SDLC best practices** — from requirements gathering to deployment — collaborating with a 4-member team under senior mentor guidance.

## PROJECTS

### **Pizza Mania Application** | *Core Java • Java Swing • JDBC • MySQL*

- Developed a desktop food ordering application with menu management, cart, billing, and order history using **Java Collections (ArrayList, HashMap)** and JDBC-MySQL integration.
- Applied **OOP principles** (Inheritance, Encapsulation, Polymorphism) for a modular, maintainable codebase.

### **Tasty Tiffin Service** | *Tailwind CSS • MySQL*

- Built a full-stack food delivery web app with **React.js + Tailwind CSS** frontend featuring user login, menu browsing, cart, online payment flow, and delivery tracking.
- Designed **normalized database schema** for users, orders, order items, and menu categories ensuring data integrity.

## EDUCATION
